

RELEVÉ EXTENSION® ASSEMBLY INSTRUCTIONS

1 - Parts you'll receive.

2 - Unscrew top end piece.

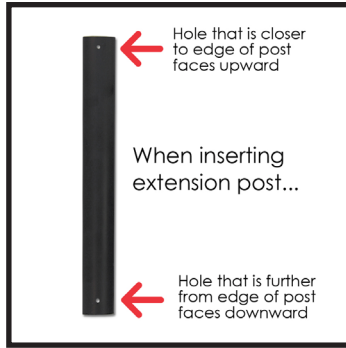

3 - Remove top end piece by pulling up and off. The top button should be showing.

4 - Slide shorter side of hinge piece over top button so that it comes through hole.

5 - Insert screw into bottom half of hinge piece.

6 - See notes in image - Be sure you're inserting the right end into hinge piece.

7 - Insert extension bar into top of hinge piece, line up holes, and insert screw.

8 - Insert silver locking pins to secure (as shown above).

9 - FINAL ASSEMBLED VIEW.
(Screws facing outward)

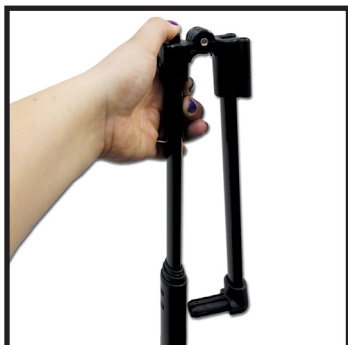

Follow next steps for Relevé take-down and storage.

1 - Remove silver locking pins

2 - Fold extension arm down so that top end piece is touching rack.

3 - Press button to release and retract rack all the way down.

4 - Extension folds down and stays attached to rack when not in use.

Relevé adds 10" to your rack to make it a total of 62" - from floor to garment bar!

NOTE: 8.5" Garment Rack Extension will work with your Relevé.
